Selected Gender: Female

Selected Hobbies: Podcasting, Baking

Task-2

The screenshot shows a web browser window with the title "Modified Title using getElementById()". The page content includes three paragraphs and a button labeled "Click Me". The first paragraph is highlighted in maroon, and the second and third paragraphs are highlighted in blue. The DevTools console shows the following code and output:

```
getElementById: <h1 id="mainTitle">Modified Title using getElementById()</h1> script.js:5
querySelector: <p class="description highlight" style="color: rgb(81, 29, 67); font-size: 18px;">This para gets into maroon shade when the button is clicked</p> script.js:11
querySelectorAll: NodeList(3) script.js:18
  0: p.description.highlight
  1: p.description.highlight
  2: p.description.highlight
  length: 3
  [[Prototype]]: NodeList
```
